

Town of Wilton

OPT-IN NOTIFICATION FOR WILTON COMMUNITY POWER

The Town of Wilton is pleased to introduce our electricity supply program, Wilton Community Power. Please read on to learn about the program and your options for participation. You can also learn more at a community meeting on April 24th, 2023 at 6:00 pm at Town Hall located at 42 Main St in Wilton.

The Town of Wilton has chosen an electricity supplier and negotiated prices for multiple electricity options that are available to our entire community.

Wilton's program starts in June 2023. You may opt in and join Wilton's program at any time, if desired.

If you choose to participate, you can leave the Program at any time in the future, without penalty.

Wilton Community Power is a town-operated group purchasing program that pools the electric use of residents and businesses in order to provide competitively priced electricity options in addition to cleaner electricity options. The Select Board approved this program in October 2022.

If you participate in Wilton Community Power, it will change the source and cost of your electricity supply. It will not affect the cost or quality of service for the delivery of electricity from the utility, Eversource.

The table below shows pricing and other information for Wilton's electricity supply options and a comparison to Eversource's current "Default Service".

	Eversource Default Service	Wilton Standard	Wilton Basic	Wilton 50%	Wilton 100%
Price					
Residential & Commercial	20.221 ¢/kWh	11.470 ¢/kWh	11.100 ¢/kWh	12.050 ¢/kWh	13.900 ¢/kWh
Industrial (GV)	14.799 ¢/kWh*				
Total Renewable Energy 2023	23%	33%	23%	50%	100%
Duration	Feb. 1 to July 31, 2023 <i>*June 2023 - Industrial price changes monthly</i>	June 2023 to December 2025	June 2023 to December 2025	June 2023 to December 2025	June 2023 to December 2025

The Wilton Community Power program cannot guarantee savings for the entire contract term, because Eversource's Default Service rates are not known for the entire contract term. Renewable energy percentages above are rounded to the nearest whole percent.

Please note, Industrial customers (rate class GV) that seek to opt in to Wilton's program may be offered a price other than those shown in the table and that reflect the latest market conditions. In that event, the supplier will ask you to confirm any such price before you are enrolled.

HOW WILTON COMMUNITY POWER WORKS

- If you participate in Wilton's program, the impact on your electricity bill from Eversource, will be:
 - The Supplier portion of the bill will change to reflect your participation in Wilton's Program.
 - Eversource will continue to provide all Delivery Services, including responding to power outages, and Eversource will continue to send you the electricity bill.
 - Customers that receive a discount on their electricity bill through the Electric Assistance Program (EAP) will continue to receive their benefits.
 - Budget billing customers will continue to receive budget billing for the Delivery Services portion of the bill.
 - Customers that receive credits from solar or hydroelectric net metering should visit the Program website or call our dedicated net metering support line to learn more about how your benefits may be affected: WiltonCommunityPower.com or 877-877-1670.
- **Pricing:** Program prices apply to service beginning and ending on the days of the month that your meter is read. Program prices include a fee of \$0.001 per kilowatt hour (kWh) for the town's aggregation consultant. Any applicable taxes will be added by Eversource to your bill. The town will announce price changes at least 30 days before any such price change takes effect. Product details will always be available at the town's website for the Program: WiltonCommunityPower.com
- **Renewable Energy:** All program options include renewable energy to meet the State of New Hampshire's Renewable Portfolio Standard (RPS). Wilton Standard adds 10% voluntary renewable energy to the RPS. Wilton 50% and 100% add voluntary renewable energy to total 50% and 100% renewable energy, respectively. All voluntary renewable energy comes from sources that qualify as NH Class I, the State's designation for new renewable energy located in or imported into New England.
- **Supplier:** The program is served by Direct Energy, PUC license number: DM 15-513.

TO JOIN THE WILTON PROGRAM

To enroll in a Wilton Community Power Option, Call our Program's electricity supplier, Direct Energy, at (866) 968-8065, or submit a request at WiltonCommunityPower.com

If enrolled in Wilton's program, at any time in the future you may still opt-out of the program, without penalty, or switch to another Wilton option by calling the supplier or using WiltonCommunityPower.com
